Competitive analysis

Type	Primary competitor	Primary competitor	Primary competitor	Notes:
Name	Cookpad	Smakota	Incipe	
Application speed	2	3	2	Cookpad and Incipe there is bad optimization of images
Optimized for mobile devices	3	3	3	
Log in with social networks	3	0	0	
Login without person verification	3	3	3	In Cookpad you can only view recipes
Help tab	3	3	3	
Subscription on social media	3	0	0	Cookpad has even youtub chanel
Invite a friend or follow other users	3	0	0	
Payment systems	3	3	0	Cookpad is totaly free, Smakota ia totaly free, Incipe - you can buv Incipe+ to save recioes in the cloud
Search by ...	2	3	1	Cookpad has search by name and ingredients. Smakota also has a cooking time search. Incipe has search by name only
Display of popular requests for a certain period	3	1	0	In app Smakota this doesn't work
The amount of functionality	3	2	1	Cookpad has many different additional features. Incipe also has a lot of interesting functionality, but to get it you need to pay.
Ease of use	2	3	2	due to the large number of functions, it is more difficult to use than for example
